Illuminate

verb

il·lu·mi·nate

1a: to supply or brighten with light; to make luminous or shining

1b: to enlighten spiritually or intellectually

2: to make clear; to bring to the fore

About the event

It's time for workforce development to be in the spotlight. No matter where you look, the need for qualified talent is paramount for businesses and industries. Athens Technical College is working diligently to fill the skills gap in our area and provide the much-needed workforce training in areas of healthcare, public safety, manufacturing, professional services, and other businesses.

The Athens Tech Foundation supports students through scholarships and emergency assistance, while also helping the college fund campus improvements and stay connected in the community.

The Foundation Board of Directors invites you to celebrate the 35th anniversary of the Foundation at the Illuminate dinner on April 20, 2023. The evening will have a keynote speaker and spotlight the generosity of donors as well as the Foundation's impact on workforce development in our community since 1988.

We hope you will join us for the festivities as we illuminate our past and shed light on the future! Individual tickets are \$125 and include dinner and a cocktail reception. Numerous sponsorship opportunities are available.

Register today at www.AthensTech.edu/Foundation or email Foundation@athenstech.edu to pay by check or secure a sponsorship. You can also call 706-355-5025 for more information. Athens Tech Foundation is a registered 501(c)3 organization and your contributions are tax-deductible.
